

**Recommendations of the  
MFB Dry Bean & Sugar Beet Advisory Committee  
From the July 14, 2021 Meeting**

**Recommendation No.1**

**Crop Insurance Premium Rates**

The Committee wishes to reaffirm line 1.2.4 in AFB policy #225, Risk Management/Crop Insurance under we support:

*"More equitable crop insurance costs across the country and counties. Insurance premiums should reflect the risk on the farm and not have wide premium differences across county lines;"*

**For Policy Development**

**Recommendation No.2**

**Sugar Beet Early Harvest**

The Committee suggests adding a new bullet to MFB policy #34, Sugar Industry, under "We support":

- *The early harvest period for sugar beets in Michigan should end on October 20 for crop insurance purposes*

**For Policy Development**

**Recommendation No.3**

**Sugar Beet APH**

The Committee suggests adding a new bullet to MFB policy #34, Sugar Industry, under "We support":

- *RMA using recoverable white sugar per ton instead of percent sugar for determining APH for Michigan growers*

**For Policy Development**
